

TESTIMONIALS

"To anyone considering having their piano tuned by W. Gennaro Sdao, I am honored to say that he is by far the most reliable and accurate tuner in the entire tri-state region. For the past twenty-five years, Bill has graced my household three times a year without fail. Both my mother and I have been playing piano all our lives professionally and I am happy to say that since my first lesson many years ago our Baldwin has never been out of tune once. My mother has been scheduling with Bill since I have been very young and she still brags to anyone inquiring about having their piano tuned that Bill has never missed an appointment. Now that I am an adult living on my own, Bill still comes out to tune not only my mother's original Baldwin three times a year, but now has a client to tune since I have purchased my first Yamaha upright.

For anyone considering having their piano tuned, I can say with much conviction that Bill is not only the best piano tuner in our area, he is also very friendly, considerate and always on time when any piano in my family is ready for a good tuning."

David S. Weitz Philadelphia, PA

It is with great pleasure that I recommend Bill Sdao. I have known him for fifteen years. Bill has always displayed a high degree of integrity, knowledge of piano tuning and is truly a technician in every sense of the word. Over the years, he has kept all my pianos in excellent shape including rebuilding a piano that is no longer in production. His attention to detail has kept my pianos in the best possible shape and given the best sound that can be gotten from them. His strengths include reliability and keeping appointments on time."

The quality of his work has earned him an excellent reputation among clients, piano teachers and other tuners and agencies. His experience and knowledge of tuning all models of the instrument, both new and old takes an ability and creativity that only comes with vast experience. I highly recommend Mr. Sdao to all my students and to anyone who needs an excellent tuner."

Robert W. McQuire, MS Teacher of piano Philadelphia, Pa

"Bill has been providing me with quality tuning and service for over 18 years. His attention to detail is evident in his artful approach to tuning. As a performer and teacher my piano gets a lot of use and Bill has kept it in mint shape over the years he has been servicing it. I recommend Bill to my students and strongly recommend him for his professionalism and quality of service."

George Layre Pipersville, Pa

"Thank you, Bill for doing such a great job with our piano! I actually enjoy listening to my daughter play, now that the piano is properly tuned. Thanks also for being so neat. I appreciated the care and courtesy you showed while working in our home."

Vicki Mattern Richboro, Pa

"I've relied on Bill Sdao to tune my piano for nearly 30 years. As a professional player, I need to keep my piano properly tuned at all times. Bill's skill, experience and professionalism puts him in a class above other tuners...He is not a 'touch-up tuner.' Many piano tuners come in and make a few adjustments with no regard for the change in pitch of the piano. But Bill always does an impeccable, professional tune up---he fine tunes from the bottom note to the top 88th key with perfection."

Steve Bingham, Philadelphia, Pa

"I want to thank you for the excellent tuning job you did on my father's Steinway model B grand piano. My family and I are all so happy with the sound and we really appreciate the attention to detail and quality you gave to our piano. Thank you again."

Sincerely,

Heather Wilson Collegeville, PA

"A friend of mine recommended Bill when I bought a used Baldwin baby grand, so I had him come out to evaluate it for me. He played the piano and noticed immediately that it was in very poor condition. He disassembled the piano completely and told me I needed all new bass strings, new hammers and a complete fine action regulating. When I sat down to play it when he completed the job I was amazing by how vibrant the sound was and how tight and smooth the action performed. It sounds and feels like a new piano. I am so happy I found Bill!"

Edward Dudlik, Jr. Rydal, PA

"I had a chance to purchase a Baldwin concert grand for next to nothing. It took me three years to rebuild it. I called several piano tuners who I found to be rude and sarcastic with me when I told them I rebuilt the piano myself. Bill was very friendly and said he'd love to see how the piano turned out. After seeing it Bill told me I did a great job for not being a piano man. He tuned and regulated my piano. After he was done I couldn't believe the how incredible it felt and sounded. My three years of hard work has finally paid off. Bill is a master at what he does and also a gentleman."
